

Outdoor Posting Sign Specifications

This posting sign meets the requirements of *Rules of the Georgia Structural Pest Control Commission* for outdoor pesticide applications at public and private schools or licensed daycare facilities.

The wording and format must include:

- “CAUTION” (72 point)
- “PESTICIDE APPLICATION” and “KEEP OFF” (30 point)
- “THIS SIGN MAY BE REMOVED AFTER THE TIME AND DATE OF RE-ENTRY STATED ABOVE” (11 point)
- The following symbol (200 point)

In addition to the text requirements outlined above, the following specifications must be met:

- The sign must be at least 4” x 5” in size and made of sturdy, weather resistant material.
- The printing must be in contrasting colors to the background of the sign.
- The bottom edge of the sign must be 8 to 12 inches above the ground.

Printing Instructions:

- On the print menu, choose the option to print at 100% scale or “Full Size.”
- Do not select “Fit to Page” or any other option that might scale down the image.
- Paper size must be at least standard letter (8.5”x11”) to meet regulatory requirements.
- After printing, confirm that text size requirements have been met.

Professional printing is recommended. Provide the mechanical file and posting sign specifications to your print shop.
