[License Renewal Due: 13_2012](#)

Welcome to the GDA Hemp Program application system.

Click [Apply](#) to begin a new application.

Please contact the [Georgia Department of Agriculture](#) with any questions.

If you are renewing a license, your home-page will have a notification in the top right of the screen highlighted by the red box. Click on the “License Renewal Due” link to access the renewal application. Once in the renewal application, please review all the tabs and associated information prior to submitting the renewal. You can make changes to the renewal application such as adding/removing key participants, adding/removing grow sites, adding/removing storage sites, etc. to the application if needed. Be sure to review all attachments included in the renewal application. If an attachment is outdated or incorrect, please remove it and upload the proper attachment. You can use the rest of this application guide to assist you.

Please select the license type for which you are applying.

Grower

Processor

Anyone who intends to process hemp in the State of Georgia must successfully complete the full application process with the GDA and be issued a Hemp Processing Permit prior to taking possession of or processing hemp.

Check All That Apply for Processor

- I intend to receive and process hemp from a Georgia licensed hemp grower.
- I intend to receive and process hemp from an out-of-state grower who is authorized to produce hemp under a State or Tribal hemp plan approved by the USDA, under a hemp license issued by USDA, or under 7 U.S.C. 5940.
- I intend to become a Georgia licensed hemp grower and process the hemp that I grow.
- I intend to become a Georgia licensed hemp manufacturer and manufacture the hemp that I process. Note – to waive the manufacturer license fee, you must be issued a valid processor permit prior to applying for a manufacturer license.

A Hemp Processor Permit does not allow the Permittee to cultivate, farm, or produce living clones of hemp. A Hemp Grower License is required for the cultivation or production of hemp plants. Processors who intend to grow hemp must apply separately for a Hemp Growers License.

A Hemp Processor Permit only gives you the ability to process and handle hemp. As a reminder, "hemp" means the plant species Cannabis sativa L. and any part of that plant, including the seeds thereof and all derivatives, extracts, cannabinoids, isomers, acids, salts, and salts of isomers, whether growing or not, with a total THC concentration of not more than 0.3 percent. The Hemp Processor Permit does not give you the ability to process or handle materials with a total THC concentration greater than 0.3 percent. GDA will only issue Hemp Processor Permits for processing facilities. GDA will not issue permits to applicants who only intend to operate retail outlets.

Manufacturer

Retailer

Actions

Save Draft

On this screen, you will declare what type of license you are applying for. You can not check that you are applying as both a Retailer and a Processor. You will also need to check all the intention boxes that apply to your situation. If you are intending to apply as a Processor and a Retailer, you will have to submit separate applications for this. When you have finished selecting the appropriate boxes, please select the Key Participants link in the upper right or lower right portion of the screen.

Background checks are required for each key participant in the Hemp Grower License or a Hemp Processor Permit. Key participants include a partner in partnership, or a person with executive managerial control in a corporation (e.g. CEO, COO, CFO, etc.). Background checks must be received and reviewed by GDA prior to issuance of a Hemp Grower License or a Hemp Processor Permit.

Once the GDA has notified you that your application qualifies you for a Hemp Grower License or a Hemp Processor permit, you must complete fingerprinting and background checks for all persons holding a beneficial interest in the permit (individual applicant, owner and key participants of a business). Instructions for completing the background check will be emailed to you directly. It is important you do not initiate the background check until contacted by us to do so.

This slide will provide information on creating an image if your facility is not yet on Google Maps.

Click on the link “Create Annotated Aerial Image”.

You cannot enter a site without an image from Google Maps or creating an Aerial image.

INSTRUCTIONS

This app is being provided to Georgia Hemp Grower and Processor applicants to generate an aerial image with boundaries of a field, greenhouse, storage, or processing site(s).

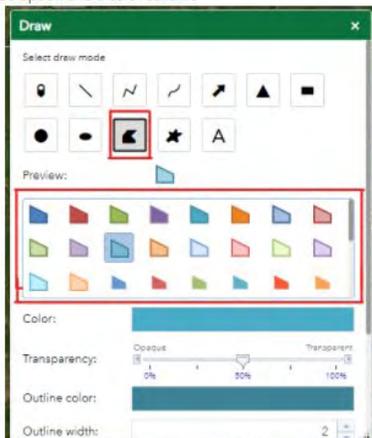

Step 1: Locate your site location(s)

- 1.1 Use the *find address or place* search bar to locate your general site address
- 1.2 Use the *zoom tool* (or scroll wheel on your mouse) to click and drag to pan to your specific site location(s)

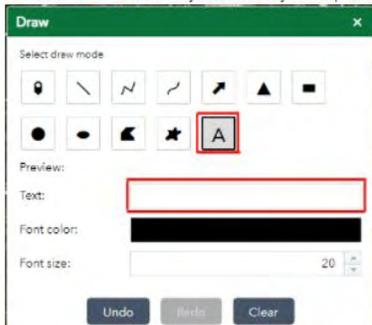

Step 2: Draw the outline(s) of your field, greenhouse, or storage sites

- 2.1 Use the *draw tool* then choose the polygon draw mode option and a color scheme

- 2.2 After enabling the *draw tool*, click on the map to create corners then double click when your boundary is complete

- 2.3 To add a label choose the text draw mode option and enter your text. To add the text to the map click to place it.

Step 1: Locate your site locations.

Enter an address as a starting point.

Use your mouse to zoom in and pan (click and drag)

Step 2: Draw the outline of your sites.

Click the "Draw" tool.

INSTRUCTIONS

This app is being provided to Georgia Hemp Grower and Processor applicants to generate an aerial image with boundaries of a field, greenhouse, storage, or processing site(s).

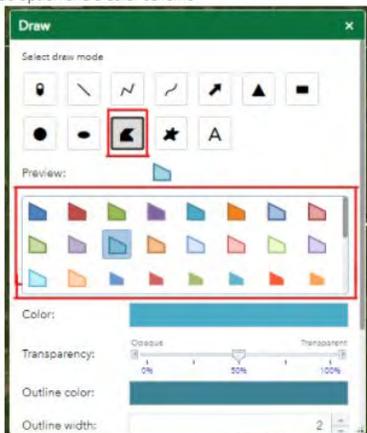

Step 1: Locate your site location(s)

- 1.1 Use the *find address or place* search bar to locate your general site address
- 1.2 Use the *zoom tool* (or scroll wheel on your mouse) to click and drag to pan to your specific site location(s)

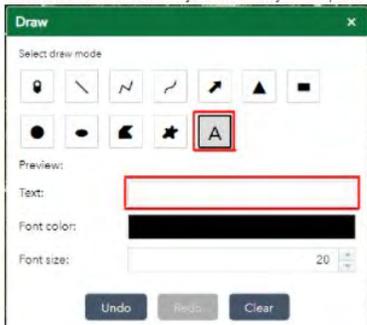

Step 2: Draw the outline(s) of your field, greenhouse, or storage sites

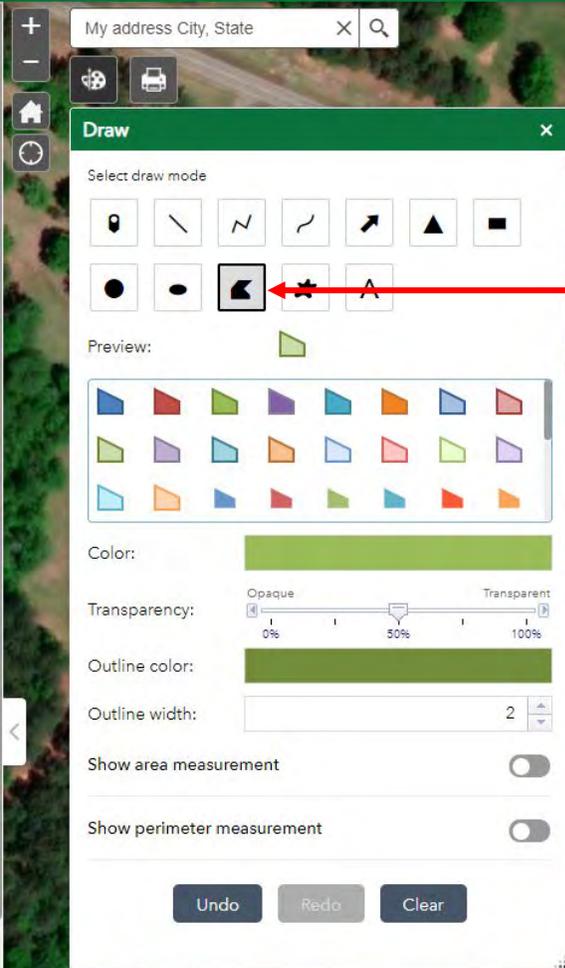

- 2.1 Use the *draw tool* then choose the polygon draw mode option and a color scheme

- 2.2 After enabling the *draw tool*, click on the map to create corners then double click when your boundary is complete

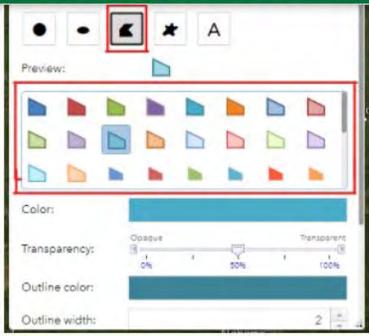

- 2.3 To add a label choose the text draw mode option and enter your text. To add the text to the map click to place it.

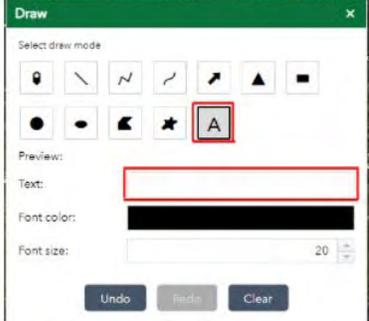

Continued Step 2:
Draw the outline of
your sites.

Choose the
“Polygon” and pick a
color (optional)

Next, begin drawing
the polygon to
outline your site.
With your mouse a
single click sets a
corner. Continue to
plot the corners to
complete your
outline. Double-click
to complete.

2.2 After enabling the draw tool, click on the map to create corners then double click when your boundary is complete

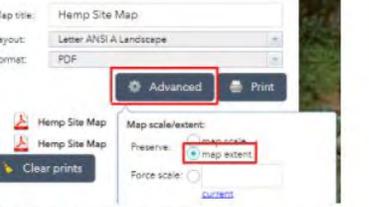

2.3 To add a label choose the text draw mode option and enter your text. To add the text to the map click to place it.

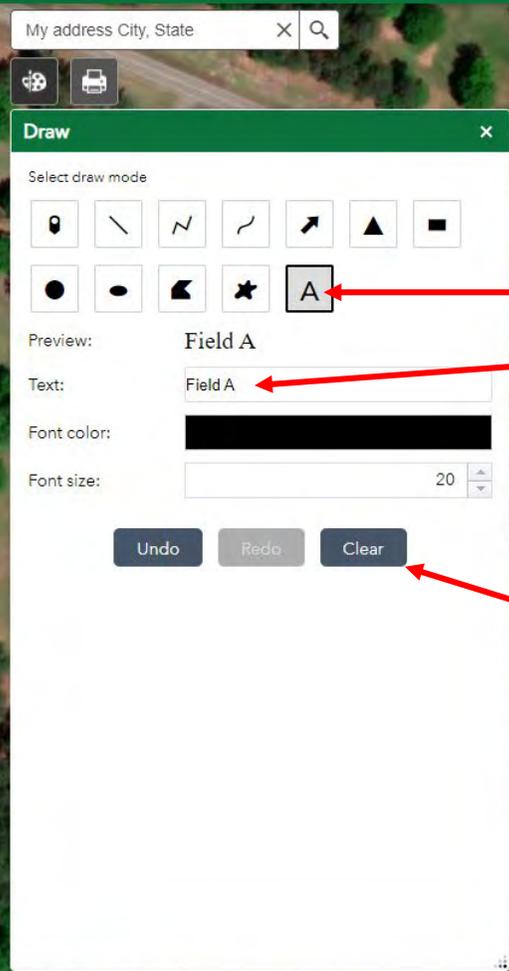

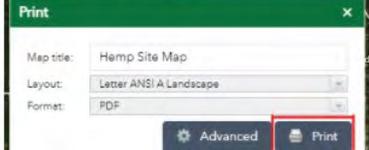

Step 3: Save map as PDF and upload to your hemp application

3.1 Use the Print tool to title your map and generate a PDF

3.2 Click Advanced and choose map extent

3.3 Click Print then save the PDF to your computer and upload to your hemp application

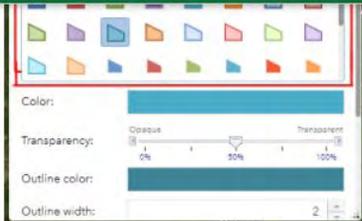

Continued Step 2:
Draw the outline of your sites.

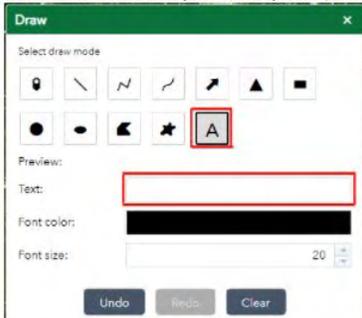

Add a label to your drawn outline by clicking the "Text" icon. Type in your desired text.

Click on the map to place the text.

If you need to start over you can clear the text and polygon.

2.2 After enabling the draw tool, click on the map to create corners then double click when your boundary is complete

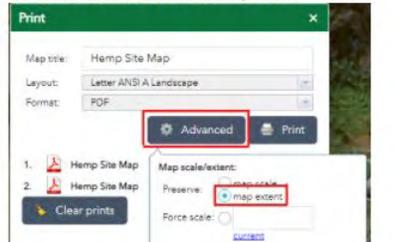

2.3 To add a label choose the text draw mode option and enter your text. To add the text to the map click to place it.

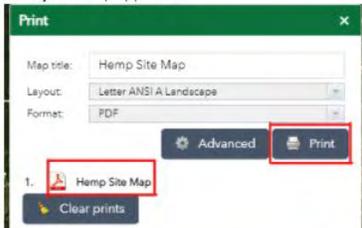

Step 3: Save map as PDF and upload to your hemp application

3.1 Use the Print tool to title your map and generate a PDF
3.2 Click Advanced and choose map extent

3.3 Click Print then save the PDF to your computer and upload to your hemp application

Step 3: Save your map as a PDF

After drawing and labeling your site(s) click the “Print” icon to save a PDF. Enter a title and click “Print”.

Lastly click to open and save your PDF. Return to your application to attach.

*IMPORTANT – your site(s) must be centered in the map. If your PDF is cutting off your sites, try resizing your browser window and pan the map (click and hold with mouse) to ensure your site is centered.

Status: Draft

Hemp products are subject to sampling by a Department-approved sampling agent for delta-9 tetrahydrocannabinol concentration level testing. The frequency of sampling and number of hemp products sampled for such testing will be determined by the Department.

Cannabis and cannabis products with a total THC concentration greater than 0.3 percent constitute marijuana, a schedule I controlled substance, and must be disposed of by a DEA-registered reverse distributor and in the presence of local law enforcement. If your processing mechanisms result in total THC levels above 0.3 percent, you will need to contact a DEA-registered reverse distributor and local law enforcement and arrange for disposal of such controlled substances.

HEMP PROCESSOR PERMIT APPLICATION GUIDELINES

- The Georgia Department of Agriculture (GDA) administers the Georgia Hemp Farming Act as authorized by O.C.G.A. § 2-23-1 et seq.
- This Hemp Processor Permit Application is designed to provide sufficient instructions for completion by any individual who would be prepared to participate in the Georgia Hemp Program. The application packets include a broad explanation of the program. In addition applicants should read the Georgia Hemp Farming Act (O.C.G.A. § 2-23-1 et seq.), the Hemp Processor Rules (Ga. Comp. R. & Regs. R. 40-32-1 & 3, et seq.), and the USDA Final Rule (7 CFR 990, et seq.).
- Please make sure to fully review all application materials and Hemp Processor Rules prior to contacting hemp program staff with questions.
- Anyone who intends to process hemp in the State of Georgia must successfully complete the full application process with the GDA and be issued a Hemp Processing Permit prior to taking possession of or processing hemp. Processing hemp prior to full completion of the permitting process may result in the denial of your application.
- A Hemp Processor Permit does not allow the Permittee to cultivate, farm, or produce hemp, or any hemp seed or clone. A Hemp Grower License is required for the cultivation or production of hemp plants. Processors who intend to grow hemp must apply separately for a Hemp Growers License. A wholesaler or retailer license is required for anyone who intends to sell consumable hemp products.
- Hemp Processor Permits will be issued beginning January 1 of each year.
- Hemp Processor Permit renewal fees and annual criminal background checks must be submitted by December 1 of the current year. Permits will expire on December 31 of the current year if renewal fees and background checks are not submitted in a timely manner.
- The Annual Hemp Processor Permit fee is \$500.00 but not more than \$2,000.00 annually, to be determined by the Department.
- Permittees must also have and maintain a surety bond issued by a surety company that is authorized to do business in Georgia. The bond shall be in such amount as the Commissioner may determine, not exceeding an amount equal to 2% of the amount of hemp purchased from licensees by the permittees in the most recent calendar year; provided, however, that the minimum amount of such bond shall be \$20,000.00 and the maximum amount shall be \$1,000,000.00.
- Background checks are required for each key participant in the Hemp Processor Permit. Key participants include a partner in partnership, or a person with executive managerial control in a corporation (e.g. CEO, COO, CFO, etc.). Background checks must be received and reviewed by GDA prior to issuance of a Hemp Processor Permit.
- Permittees must have written agreements with each Georgia licensed hemp grower governing the business relationship between the Permittee and grower. Each Permittee must provide a copy of each such agreement, and any amendments thereto, to the GDA within ten days of execution of each such agreement or amendment thereto.
- Any person who materially falsifies any information contained in an application for a Hemp Processor Permit will be ineligible to receive a Hemp Processor Permit or otherwise participate in the Georgia Hemp Program.
- **Permittees only allow for the processing of hemp that was lawfully produced under a state or Tribal hemp plan approved by the USDA, under a hemp license issued by USDA, or by a state (or territory) or Indian Tribe in accordance with 7 U.S.C. 6940.**
- Hemp and hemp products are subject to sampling and testing by the GDA or a Department-approved sampling agent. The frequency of sampling and testing, and the number of hemp samples and hemp products samples for such testing will be determined by the Department.
- All costs associated with the processing of hemp are the responsibility of the Permittees including, but not limited to, costs for sampling and testing.
- A Hemp Processor Permit only gives you the ability to process and handle hemp. As a reminder, "hemp" means the plant species Cannabis sativa L. and any part of that plant, including the seeds thereof and all derivatives, extracts, cannabinoids, isomers, acids, salts, and salts of isomers, whether growing or not, with a total THC concentration of not more than 0.3 percent.
- Cannabis and cannabis products with a total THC concentration greater than 0.3 percent constitute marijuana, a schedule I controlled substance, and must be disposed of by a DEA-registered reverse distributor. If your processing mechanisms result in total THC levels above 0.3 percent, you will need to contact a DEA-registered reverse distributor and arrange for disposal of such controlled substances.
- Failure to comply with the Georgia Hemp Farming Act or its Rules may result in enforcement action including, but not limited to, corrective action plans, suspension from the program, referral to the Attorney General office, the destruction of hemp materials, or other action.
- GDA will only issue Hemp Processor Permits for processing facilities. GDA will not issue permits to applicants who only intend to operate retail outlets.
- Note - To waive the manufacturer license fee, you must be issued a valid processor permit prior to applying for a manufacturer license.

The last tab is the Affirmation tab. Please read through the information and select the check boxes at the end.

The check boxes for the affirmations are highlighted by the red box. Once completed, click on the Submit Link highlighted by the circles on the right side of the page.

- Check here to indicate you have read and agree to the terms of the licensing agreement
 - I have read and understand the Processor Permit Terms and Conditions of the Rules of the Georgia Department of Agriculture concerning Hemp Growers and Processors (Chapter 40-32-3-.02), and I agree to abide by all of these terms and conditions.
- Check here to indicate you have read and agree to the terms of the licensing agreement
 - I hereby consent and agree to allow representatives of the Department, the Georgia Bureau of Investigation, and other affected state and local law enforcement agencies to enter all premises where hemp is being processed or handled for the purpose of conducting physical inspections and ensuring compliance with the requirements of the Georgia Hemp Farming Act and its Rules.
- Check here to indicate you have read and agree to the terms of the licensing agreement
 - I understand that by providing inaccurate or false information, my application may be rejected or the Hemp Processor's Permit may be revoked.
- Check here to indicate you have read and agree to the terms of the licensing agreement

Once you have clicked on the Submit Application button, a green bar will appear at the top of the page if the application has been submitted correctly. You will receive an email with confirming the application was submitted. The email will also provide further information and instructions on providing Background Checks for the Key Participants.

Please contact the [Georgia Department of Agriculture](#) with any questions. If you do not receive an expected email, kindly check your spam folder.

Georgia Department of Agriculture

Thank you for submitting an application for a Georgia Hemp License or Registration. Your application is currently under review by program staff to ensure it is complete. We will reach out if additional information is needed or to guide you through the next steps in the licensing process.

Please do not submit payment, provide additional documentation, or complete any other requirements until requested. If you are applying for a Grower or Processor license, if required, you will receive instructions regarding the criminal background report – please wait for these instructions before starting the process.

Once your application is approved for further processing, you will receive an email with instructions on how to complete the licensing process. Payment will only be requested after your application is approved and ready for licensing.

Thank you. Georgia Department of Agriculture.

Application # 313 submitted by John Doe on behalf of z Test Hemp, LLC has been received.

Georgia Retail Consumable Hemp Establishment License applicants must provide information on the retail site property. This license is for a single location.

Retail Site Property: Retail consumable hemp establishment licensees without a physical location within the state and that only sell to Georgia customers online, must provide the location (street address) in the licensee's home jurisdiction from which they ship consumable hemp products to Georgia customers.

I attest that I have read the preceding information and that I agree to each of the following:

- This license is for a single location. A separate license must be obtained for each additional location where retail activities will occur.
- Hemp products must not be sold, handled, or stored in any location that is not listed in the Hemp Retailer License Application.
- I attest that I have read and agree to abide by the restrictions on sale of consumable hemp products in O.C.G.A. §§ 16-12-240 through 16-12-243, including applicable signage requirements and the prohibition of sale or furnishing of consumable hemp products to persons under 21 years of age.
- I attest that I own the property or have legal permission to store and retail consumable hemp products on the property listed on my application, including a deed to the property or a lease or rental agreement for its use, in the same legal name as my license. I understand that I may be subject to local zoning or other ordinances, and storing and retailing consumable hemp products at the property listed on my application will not violate either. I understand that O.C.G.A. § 2-23-9.3 limits where I may operate a consumable hemp retail establishment, if that establishment was not in operation prior to July 1, 2024, and the property listed on my application complies with this requirement.
- I attest that the information submitted above regarding property designated to sell hemp products is true and correct.
